

# Start your career in China

The Australia China Council and the China-Australia Chamber of Commerce have created 15 opportunities for Australian students to work and learn Mandarin in China. The goal of our program is to foster a generation of young Australian leaders who are fluent in the language, culture and economy of China. These leaders will form the backbone of an emerging Australia-China relationship that in turn will strengthen the two countries bilateral links over a range of industries and disciplines.

## Successful Applicants will receive:

- Return flights to China
- A minimum 9 month internship with a participating company
- A stipend to cover living costs
- Mandarin language training
- Sponsorship to attend AustCham industry events
- Mentoring

## Positions will be made available across 7 sectors

- China Commerce
- China Legal
- China Consulting
- China IT & Emerging Technologies
- China Engineering, Architecture & Design
- China Arts & Humanities
- China Minerals & Energy

## We are currently looking for students with the following academic and work backgrounds

Finance  
Accounting  
Economics  
Business/Commerce

Architecture  
Design
